WORK EXPERIENCE

Automotive Operator

Autoliv [7 Nov 2022 – 25 Jun 2023]

Address: Strada Bucegi 8, 500053 Brasov (Romania)

Website: <https://careerromania.autoliv.com/>

Email address: hr.ro@autoliv.com

Name of unit or department: Production - **Business or sector:** Manufacturing

DESCRIPTION OF WORK:

The role involves actively participating in the manufacturing process by operating a variety of production line equipment, including *conveyors, hoists, lifts, and airlines*. This includes closely monitoring the production process, conducting basic testing, and performing quality checks to ensure that the products meet specified standards.

Responsibilities also encompass the adjustment of machine controls to optimize production parameters while simultaneously overseeing the production process and its outcomes. Additionally, the position involves hands-on work in assembling goods along the production line, requiring precision and attention to detail.

Maintenance and cleanliness are vital aspects of the job, entailing regular cleaning and basic maintenance tasks performed on both work areas and machinery. Any identified equipment faults are promptly reported to the maintenance staff to ensure operational efficiency.

SKILLS GAINED:

- Ability to work across multiple areas of the assembly process.
- Able to work as part of a team.
- Able to work on own initiative when necessary.
- Able to work in a safe manner.
- Ability to read and follow written and verbal instructions and work to standards.
- Applies experience and logic.
- An eye for detail.
- Able to work within tight cycles/deadlines and with minimum supervision.
- Ability to learn quickly.
- Good manual dexterity.
- Good understanding of customer deliverables and the impact of failure/cost of poor quality.

- Practical hands-on approach to problem-solving.
- Understanding of production costs, including waste, downtime, scrap, and re-work.

Data Entry Operator

S.C Datamondial S.R.L [22 Jul 2022 – 24 Oct 2022]

City: Galati

Country: Romania

Website: <https://www.datamondial.com/ro/>

Email address: contact@datamondial.ro

Name of unit or department: Manipulation of data - Business or sector: Information and communication

DESCRIPTION OF WORK:

As a data operator, my role involved compiling and verifying data with a strong focus on *accuracy* and *proper formatting*. This included organizing information meticulously, cross-referencing sources, and ensuring that the data met specific standards. By maintaining quality control and attention to detail, **I contributed to the creation of reliable datasets crucial for informed decision-making.**

SKILLS GAINED:

- Multi-tasking.
- Analysis.
- Research.
- Microsoft Office.
- Excel.
- Data Analysis.
- Management.
- Managing.
- Proefficient in typing.
- Accuracy and attention to details.
- Basic Understanding Of Database Structure.
- Teamwork.

Fast-food crew member

Ionuț Restaurante SRL/McDonald's [10 Feb 2021 – 25 May 2022]

City: Galati

Country: Romania

DESCRIPTION OF WORK:

My daily activities included taking and processing customer orders accurately and promptly. I operated the cash register, handled payments, and ensured that orders were prepared correctly and served in a timely manner. **Attention to detail** was crucial to guaranteeing customer satisfaction and order accuracy.

SKILLS GAINED:

- Customer service orientation.
- Attention to details.
- Stamina.

- Communication and interpersonal skills.
- Food hygiene knowledge.

Bachelor of Computer Science

Transilvania University [3 Oct 2022 – Current]

Address: Strada Politehnicii 1, Braşov , 500024 Brasov (Romania)

Website: <https://iesc.unitbv.ro/ro/>

Erasmus Project

Bundeswehr University Munich [1 Mar 2023 – 1 Jun 2023]

Address: Werner-Heisenberg-Weg 393GEB, 85579 München (Germany)

Website: <https://www.unibw.de/home>

Field(s) of study: Information and Communication Technologies: *Software and applications development and analysis*

Throughout the traineeship period the work was carried on the research direction of how virtual space can be developed as a new dimension of interdisciplinary and intersectoral exchange. Literature review tasks very successfully conducted, and implementations in Unreal Engine on Blueprints were carried out for testing the hypotheses. This experience improved my knowledge on how to conduct literature review assignments and practical skills were developed in using the Unreal Engine platform together with the related VR technologies.

Fundamentals of digital marketing

Google Certified Digital Marketing Course [1 Jul 2022]
